PEAKS-KENNY STATE PARK

A proposal to complete long-delayed development of Peaks-Kenny State Park in Dover-Foxcroft hinges on passage next Monday, June 19 of Referendum Question #4, which will provide nearly $2.5 million for improvement and expansion of Maine's state park system.

The park has remained in a semi-developed state, although open to the public, since its opening in 1969, due to increased costs of construction. Day-use facilities for picnicking and swimming are usable now but additional funds are required for completion of the 50 campsites included in the original proposal.

Usage of the park has steadily increased since 1969, but inquiries regarding the camping area become more and more frequent. The June 19th bond issue allocates some $60,000, most of which is matchable on a 50-50 basis with Federal funds, bringing the total project expenditure to approximately $120,000.

Included in the plans for Peaks-Kenny State Park are water storage and distribution systems, sewage disposal systems and related facilities to serve the camping area, in addition to a control area, a trailer sanitary dumping station, wood storage and recreational facilities.

Located on beautiful Sebec Lake, Peaks-Kenny State Park is a welcome and needed addition to Maine's system of State parks. In addition to serving the day-use needs of Dover-Foxcroft area residents the park will, if aided by bond issue funds, add some badly needed camping facilities to this attractive and popular, vacationing region in central Maine.

RECREATION ADVISORY COUNCIL SUPPORTS BOND ISSUE

The newly-formed State Recreational Advisory Council voted its support May 31 for the proposed parks and recreation bond issue which goes to the voters in referendum June 19. The action was taken at the Council's organizational meeting held in August.

Ronald Stewart of South Portland was elected chairman of the Council at this initial meeting.

A Council spokesman said that the increased demand for recreational facilities was clearly demonstrated in the increase in use figures totals for the many State, Federal and local park in recent years. This bond issue, the spokesman said, proposes development of several day-use parks in crucial locations near urban population centers, parks which would go far to satisfy the real need of recreation in Maine—that of the short term day user, the Maine resident.

It was pointed out at the meeting also that the bond issue contains a $200,000 sum to be used by the Dept. of Parks and Recreation to provide direct financial assistance to Maine communities in the construction or installation of local recreational facilities, another area where recreation demands are high.

It was pointed out that, since the inception of the Land & Water Conservation Fund in 1965, less than 50 of Maine's 413 communities have taken advantage of the available Federal matching funds, due to the requirement that the community put up their 50 percent of the cost of the project. Under this bond issue proposal, the State of Maine can provide up to 40% of this total cost making it possible for a town to participate with only 10%.

The bond issue for parks, $2,392,500, would amount to nearly $4 million when combined with anticipated matching funds, both from the Federal government and from Maine municipalities.

In a letter to Dept. of Parks & recreation Commissioner, Lawrence Stuart, Governor Kenneth Curtis praised the formation of the new council. Curtis said that "recreation—and its many vast uses—are a public issue today. Because of this, I am hopeful that the plans, since this Recreation Council will share with me some of their ideas. "The Governor went on to say that "new & untraditional methods may have to be studied to respond to the seemingly overwhelming demands" being placed upon Maine's recreational sources.

PUBLIC INVITED TO INSPECT

The Joseph Smith Memorial in South Royalston, Vermont is open from May to September with Mr. and Mrs. Glen Kempton of Temple, Arizona as Memorial Directors.

THE MOST BEAUTIFUL VISITOR'S CENTER IN VERMONT NOW OPEN TO THE PUBLIC

Many members of the Church of Jesus Christ of Latter-Day Saints, in the New England area, plus non-members alike, will be focusing their attention on the Joseph Smith Memorial. Included in the grounds are some 357 acres of green landscape and natural beauty. Picnic and camping grounds make this a most unique stop over.

The memorial has just opened for the May to Dec. season, in South Royalton, Vermont. The memorial is located just off U.S. Highway 14, going into South Royalton, or one may reach the memorial by taking the Sharon exit from the south or the Randolph exit from the north, on Interstate Highway 89.

Mr. and Mrs. Glen Kempton, a retired dairyman and Mrs. Kempton, a mother of 5, have encouraged all to come and visit and tour this L.D.S. historical site. Mr. Kempton states that the grounds and the buildings are in excellent condition and ready for the expected traffic. Daily tours will start from 8:30 a.m. to 7:30 p.m. Assisting Mr. and Mrs. Kempton in this work will be 27 other such men in missionary capacities working in the Vermont area, who serve two years at their own time and expense. Some 179 of these missionaries serve throughout the New England area.

In 1965, a monument to honor Joseph Smith, the first Prophet of the Church of Jesus Christ of Latter-Day Saints was erected out of Barre granite. The memorial has been maintained in its natural beauty and is a welcome contrast to the crowded cities and clamor of a fast moving world. The monument, said to be the world's largest polished granite shaft, is 38 1/2 feet high and weighs 39 tons. Each foot corresponds to one year of Joseph Smith's life.

ECUMENICAL VACATION CHURCH SCHOOL

There will be an Ecumenical Vacation Church School at the United Methodist Church, Milo for two weeks from the 19th to the 30th of June, from 9-11 a.m. There will be classes from Nursery (4-6 years) up to 7th grade. Young teens (8th grade and up) will be held at 6:00 p.m. each day with Rev. Joe Whitlock and Rev. Kwan Lee leading alternately. Churches participating are: Nazarene Church; St. Joseph's Episcopal Church; St. Paul's Catholic Church; Park St. United Method Church.

PARK STREET UNITED METHODIST CHURCH

On June 11, Children's Day, the Park Street United Methodist Sunday School had their Promotions Sunday during the 11 a.m. church service.

Promotion certificates, faithful attendance pins and bars and bibles were handed out.
Promoted from Nursery to Kindergarten were Wendy Nutter, Amy Gower, Lisa Johnson.
Promoted from Kindergarten to Grade 1 were Nancy Lougee, Dwy Seavey, Kelly Ireland, Robert Webb, Robert Webb, Theresa Lyford, Mike Carey.
Promoted from Grade 1 to Grade 2 were Terri Larsen, Loris Johnston, Mary Nutter, Ellen Philbrook, Diane Bible.
Promoted from Grade 2 to Grades 3 and 4 were Gregory Nutter, Becky Durant, Shelley McCorryson, Vickie Lundin, Eric Bailey.
Promoted from Grades 3 and 4 to Grades 5 and 6 were Traci Larsen, Tammy Barnes, Kevin Perkins, Roberta Webb, Roberta Webb, Dwayne Ireland, Mary Nutter, Loris Johnston, Terri Larsen, Ellen Philbrook, Gregory Nutter, Eric Bailey.

A special award went to George Morse for Perfect Attendance. All students received a plant to take home.

PARISH OF ST. FRANCIS XAVIER AND ST. PAUL
BROWNVILLE JUNCTION AND MILO, MAINE
Pastor Joseph Whitlock 965-2241
Confessions before Masses
MASS SCHEDULE
Thursday 8 a.m. B1 for Giuseppe Piselli by the Paolo Cassaro's.
Friday 8 a.m. B2 for Giuseppe Piselli by the William Gori's.
Saturday 8 p.m. Milo for Giuseppe Piselli by the Famed Skogan.
Sunday 8:30 a.m. for the parishes.
Sunday, Milo 10:30 a.m. for Clarence Moulton by parents and family.

We hope to have corporate First Holy Communion at next Sunday Masses, 8:30 a.m. at St. FX and 11:30 a.m. at St. Paul's. The classes will be small this year as the Communion program is geared to prepare the children to receive Holy Communion in second grade and half of the second graders already have received.

If any parents of first graders believe that their child is ready please see me as the parents themselves must prepare in first grade.

I am sure that the whole parish will want to express gratitude to Oscar and Reuben Lambs for the generous gift of $200.00 to be used where needed. This will cover cost of professional cleaning of carpet at St. FX church as it was needed but not covered in budget.

The Sisters will be in touch with teachers of Ecumenical Bible School this week. They will be staying at the rectory so please call 965-2241.

VERMONT VISITORS" CENTER
Cont'd from Page 5

Considerable difficulty was encountered in locating a stone of such size and quality, but finally a piece was found in the quarry at Barre, Vermont. It was cut, polished and transported by railroad to Royalton, from there the 3-ton shaft was carried to the birthplace in a specially designed wagon. The memorial was dedicated on the centennial anniversary of the Prophet's birth. Around the monument one will find two fieldstone cottage buildings and a large white reflecting pool. The memorial today, joins the nationwide historic sights, which extend across the United States.

Elder Smith and Sam Small serving in the Milo area, state that thousands of visitors visit the memorial each year. There is no charge and they especially want to invite all New Englanders to visit this unique display which is associated with the six New England states.
Dear Editor,

As a citizen of this area I am quite concerned over rumors that we might lose our hospital. I sincerely hope that this will never happen.

That hospital while small could mean life or death to many people in this area. What mother would want to take a bleeding, frightened child all the way to Dover? Would you want to take a relative who was having a heart attack all those miles?

This is what the situation will be if the people in Milo and all the other small towns in this area don't wake up and do something about it -- now!

A local resident

The letter above brought to our attention the following statement of the options available to the Trustees of the Milo Community Hospital. The following statement and an accompanying questionnaire will soon be sent out to the community. We hope that each person receiving this questionnaire will take the time to fill it out and return it as indicated on it.

Of the options available, this newspaper feels that the best solution to our local needs is to renovate the present structure, add a new wing at the present location and continue maternity services. Perhaps in time we could also add an operating room.

We feel as we always have that a hospital is one of the most important needs of the community. If we let the hospital go by the boards now, we will never get another one here and here is where we need it. Not in Dover-Foxcroft, Millicent or Bangor. Certainly, if one has time for advanced appendectomies, emergency cesareans, tonsillectomies and the like, out of town is too far to go.

According to the accompanying statement the needed funds would have to come from property taxes which we grant are already high. However, for the average taxpayer the added cost would be about $20 per year, less than $2.00 per month. This is a small amount to pay for a hospital which, along with its other functions, helps keep doctors in the community. If the hospital is in Dover, that is where the doctors will want to be. Doctors are too busy and their time too precious to spend it commuting to Dover for rounds.

If Milo is to continue to be a growing community and if we ever are to encourage new industries to settle here, we must provide the necessary health care locally.

1. Q. Rumors indicate that the Milo Community Hospital is going to be closed. Is this true?
   Ans. There is no definite answer to this question, but there are a number of facts that must be considered:
   1. Patient care facilities on the second floor constitutes a major deficiency in the Medicare Program. If we continue to function without making any changes, the Social Security Administration will terminate our Medicare benefits.
   2. The reason we have been able to continue to receive Medicare benefits is because the Board of Trustees has indicated to the Department of Health and Welfare an effort to correct this deficiency by planning to build a wing and renovate the present structure.
   3. It is the general feeling of the Trustees that if the hospital does not put one of the following plans into action, we will lose our Medicare benefits in the near future, and without Medicare benefits, it would be financially impossible to continue hospital services, as 50% of our revenue comes from Medicare patients.
   4. Q. How can we keep our present hospital open?
   Ans. There are three possible solutions to keep the present hospital open:
      1. By using only the first floor for patients. At present, we have 7 beds and two cribs on the first floor and 10 beds on the second floor for a total of 19 beds. By rearranging the beds and moving the offices to the second floor, this would allow 10 beds and 2 cribs on the first floor for a total of 12 beds. This is 7 beds less than we have available now. This would also mean the elimination of the operating room and maternity services. The cost to make this change would be nominal, but service capabilities would be reduced. Our staff would be reduced to coincide with the new capacity of this plan. We could still be licensed a general hospital.
      2. By building a 16 bed wing that would also house the kitchen, laundry, laboratory, and offices. Eliminate use of second floor patients and operating services.
      3. In addition to building a 16 bed wing, renovate the first floor of the present hospital to present hospital to provide a new emergency room, x-ray room and maternity area. Eliminate use of second floor patients and operating services.
   5. Q. Could a 12 bed hospital support itself financially?
   Ans. By making the necessary reductions, we would be as financially sound as anytime in the past.
   4. Q. Is keeping the present hospital open our only choice for having hospital services available in the Town of Milo?
   Ans. No, there is the possibility of constructing a completely new hospital as a new location. The Department of Health and Welfare points out the following problems:
   1. We would have problems obtaining approval from the Regional and State Health Planning Organizations and Blue Cross Blue Shield.
   2. It would not be financially feasible to construct a 16-20 bed hospital. A new facility would have to be built to Hill-Burton standards. Construction costs to meet Hill-Burton standards are about twice as much as normal construction costs.
   3. Q. If a decision is made to build a new hospital, where would it be located?
   Ans. One possible site would be the lot where the Old Milo

"HANDS OF TRUST"
The 4-H Mini-Park in Dover-Foxcroft was the scene of a short appreciation ceremony Saturday May 27. A plaque was presented to Ralph Greenier, on whose land the park is situated.

Appreciation was expressed to Harold Stade, who built and painted the newly erected sign which says "Welcome to Dover-Foxcroft, courtesy of local 4-H clubs." The Kiwanis representative, Ted Herrick, was thanked for the sum of money given by Kiwanis for the expenses of the project and the New England Telephone Company who dug holes for the fence. Denise Thebarge of the Pine Tree Club expressed appreciation in behalf of all 4-H clubs. All the local clubs plan to assist in keeping up the park, planting bulbs in the fall, mowing the lawn and weeding the flower beds. The Animal Kings, Pine Tree and Older Youth group have participated in this effort to beautify our land.

U of M News
Pinhole cameras, photogram, composition and design are only a few of the skills and techniques which will be taught this summer in Photography 1 as part of the University of Maine at Orono's Continuing Education Division summer program.

A basic course for the general public, Photography 1 will be taught by Anne O'Keefe, a graphic artist and photographer from Dixmont.

Classes will be held Thursdays from 7 - 9:30 p.m. on Orono campus beginning June 22 and ending August 29.

An exhibit of the work done by students taking the course this spring will be on display from June 8 - 16 at Photorama in Bangor.

Anyone interested in the course may receive further information and registration materials by contacting the Continuing Education Office, 14 Merrill Hall, UMO.
Dear Republican Voter,

It is going to be impossible to contact personally all of the more than 7,000 enrolled Republican voters in the new Senatorial District Number 30 before the state Primaries JUNE 19.

Because every voter is entitled to know something about the candidates running for public office, this personal letter is being used to give you background and data about one of the Republican candidates.

I was born on the same farm in Medford where my great-grandfather settled in 1808. I am a third generation Republican who early learned to work on the farm, in the woods and on the roads.

I attended Medford schools, was graduated from Higgins Classical Institute, Farmington State Normal School, and earned both a Bachelors Degree in Education and a Masters Degree in Education with a major in school administration.

I enlisted in the United States Army as a private, completed my basic training in the Coast Artillery, attended Officer Candidates School and was a Captain in the Adjutant Generals Corps. My four years in the service included two years in the European Theater of Operations during World War II.

I am a retired superintendent of schools and my wife, Winona, is a retired classroom teacher with 38 years experience.

I served in the MAINE HOUSE OF REPRESENTATIVES in the 99th and 100th Legislatures and in the MAINE STATE SENATE in the 101st. While there I served on the committees of EDUCATION, AGRICULTURE, CLAIMS and the interim committee on LEGISLATIVE RESEARCH, I was a member of the republican Platform Committee, and was a delegate to the National Legislative Conference in Hawaii.

I believe in economy and efficiency in government, local autonomy and strong county government. I believe property tax relief is both possible and necessary for the working and the retired people of Maine. I favor continued emphasis on vocational education for both the secondary and post secondary youth. I want every possible state effort made to secure more jobs for Maine people. I believe one way to that goal lies in improving economic climate for businesses already established. I value the hard earned tax dollars, because I have always had to work for every dollar I ever had.

If you want a state senator who has personal knowledge of area and state problems, who will represent you as I would want to be represented, one who has training, legislative experience in three Maine Legislatures, and who has the time to devote to your problems, I will appreciate your support in the Republican Primaries JUNE 19.

Two years ago only 2 out of every 5 Republicans in this area bothered to vote in the Primaries. This year if everyone of you will personally contact one other voter and get him to go to the polls we will have a better record when the final votes are counted JUNE 19. I will try to do my part, but to win the nomination I need your valuable personal support. Will you help?

Sincerely yours,

Clyde Hichborn

John and Joan Fogg, children of Gwendolyn Witham and Leo Fogg of Milo were graduated from P.V.H.S. last week. It is believed they are the first boy-girl twins ever to graduate in Milo.

They were born in Lincoln on September 9, 1953 and have always attended Local schools. John is married to the former Linda Andrews from Brownville Jct., Joan plans to be married June 24 to Darrell Eaton of Exeter. The twins older sister Cheryl Fogg Russell also graduated this year from Adult Night School on June 12. (Staff photo by Tony Davis)
HOSPITAL QUESTIONNAIRE Cont'd from Page 7

June 15, 1972

Page 11

High School is located. There appears to be adequate water and sewerage facilities already available there. The ground is flat and there would be room for ample parking.  

6. Q. Why are there no provisions for an operating room in any of the proposed plans?  

Ans. The cost to construct and equip an operating room and to provide other facilities such as a recovery room, anesthesia services, etc. required by Health and Welfare would be beyond our financial means. Estimated costs are $30,000 to $100,000 for an operating suite. Our emergency room would be equipped to do minor surgery under local anesthesia and emergency surgery of a life-saving nature.  

7. Q. What would the proposed wing cost and what would it provide?  

Ans. A rough estimate to build a new wing onto our present hospital would be $150,000 to $175,000. This would provide eight 3-bed wards, nurses station, C.S., and lounge on the first floor. The basement would house the laboratory, kitchen, laundry and offices. This estimate is the construction cost only.  

8. Q. What would the proposed renovation cost and what would be provided?  

Ans. A rough estimate to renovate the present hospital would be $80,000 to $60,000. This would provide a maternity area, nursery, a new x-ray room and an improved emergency room.  

10. Q. What financial aid is available from the state or federal agencies?  

Ans. None.  

11. Q. How will it be financed?  

Ans. Property taxes.  

12. Q. How much would taxes be increased to construct any of the plans mentioned?  

Ans. Based upon an interest rate of 6% and repaying the loan over a 30-year period, the following table indicates annual payments and increased property taxes per thousand dollar valuation.  

<table>
<thead>
<tr>
<th>TYPE OF CONSTRUCTION</th>
<th>ANNUAL PAYMENTS</th>
<th>TAX INCREASE</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>A 16 bed wing</td>
<td>$12,840 to $15,015</td>
<td>$1.65 to $1.88</td>
<td></td>
</tr>
<tr>
<td>A 16 bed wing and renovation</td>
<td>$15,490 to $19,395</td>
<td>$1.93 to $2.61</td>
<td></td>
</tr>
<tr>
<td>A new 16 bed hospital</td>
<td>$27,450 to $34,184</td>
<td>$3.43 to $5.35</td>
<td></td>
</tr>
</tbody>
</table>

Example: Your house is valued at $10,000. Your estimated increase in property taxes for a 16 bed wing would be $16.50 to $18.80 per year.

13. Q. What is the financial balance of our Building Fund?  

Ans. Approximately $35,000, which could be applied toward any construction costs.  

14. Q. Will there eventually be a regional hospital?  

Ans. The Department of Health and Welfare believes it would be in the best interest of the citizens in the State of Maine to build regional hospitals throughout the state. They are encouraging us to help provide a request for a regional hospital in the Dexter, Dover, Milo area.  

15. Q. What would be our financial responsibility to a regional hospital?  

Ans. If the town of Milo votes to be included in a regional hospital, then it would be expected to pay its share.
About thirty-five Republican women from the Milo-Brownville area attended a tea at the home of Mrs. Claude Trask in Milo last Thursday. The tea was in honor of Mrs. Bill Cohen, wife of one of our candidates for the House of Representatives.

**THE FAMILY LAWYER**

**Grounds for Arrest**

Two policemen, cruising in a "narcotics neighborhood," saw a man emerge from an apartment house and head for a waiting taxi. After a quick glance up and down the street, he entered the cab.

Their suspicions aroused, the officers approached the cab and—and although they had no warrant—placed the man under arrest.

Sure enough, he was carrying a quantity of heroin.

But when the case came to court, the judge held the arrest unlawful and the evidence inadmissible. He said the police had no right to act on what was little more than a hunch.

Under most narcotics laws, officers may arrest without a warrant only if they have "reasonable grounds" for suspecting a violation. This means something more than a vague feeling that something is amiss.

Even a tip from an informer may not be enough. Thus:

A narcotics user told police he had gotten his supply from a certain "Joe" at a certain address. Police found and arrested Joe, but again the arrest was held improper.

Reason: the police had no prior experience with this particular informer, hence no special reason to consider him trustworthy, hence no "reasonable grounds" for making the arrest.

By contrast, a court upheld an arrest when the informer had repeatedly turned out to be right in the past.

Of course, direct observation by officers may also provide adequate grounds for an arrest. For example:

A narcotics agent listening at the door of an apartment heard incriminating statements by the two men inside. Meanwhile another agent peering through a window saw them pouring white powder into typical heroin containers. These circumstances were enough, a court ruled later, to support the agents in making the arrest.

"A prudent man would be justified," said the court, "in believing that a violation of the narcotics law was being committed."

WE'RE ROUNDING UP ORDERS FOR NEW HEATING PLANTS, THAT WE CAN INSTALL NOW, BEFORE THE FALL RUSH AND WE ARE WILLING TO DISCOUNT PRICES TO YOU IF YOU ACT NOW!

Dial 2555 in Milo

The American Bar Association public service feature by Will Bernard.

**PAGEANT BOUND**

Miss Vicki Howard, daughter of Mr. and Mrs. Thomas Howard of Milo, will be a contestant in the "Miss Maine" Pageant at Portland on June 21st.

Many local folks plan to attend the event. If you should want tickets you can contact Stephen Gutherie, 1303 Forest Ave., Portland, Maine, 04103.

We all wish Vicki the best of luck.

**NOTICE**

Anyone needing transportation to the polls on June 19th or an absentee ballot may call Mr. Claude Trask 943-7746.

School Cheerleaders Contest
Miss Nation-Wide Cheerleader, chosen.

Information may be obtained by writing Nation-Wide Cheerleaders Association, Salisbury, Pa.
BOYS STATE HELD AT U OF M

Maine high schools will send 500 junior boys to the University of Maine campus at Orono Sunday, June 18, for Dirigo Boys State and six days of intensive study of the workings of state and local government.

Under the direction of James L. Wright, chief of the examination division, State Department of Personnel, and a staff of 30 assistants, the boys will progress from the basic principles of town government to the election of a governor and state legislature.

Two legislatures will be organized so that all the boys will be able to practice legislative procedures. In addition to those elected to the Dirigo House and Senate, the remaining boys will be assigned to political parties in a mock House and Senate under the guidance of present and former Maine legislators.

Delegates are sent annually from Maine high schools to Boys State which is sponsored by the Maine American Legion. Members of the band arrive on campus Friday, June 16, for rehearsals under the direction of Robert Modr, director of music at Orono High School.

Boys State, which will be having its 25th annual meeting on the Orono campus, has an action-packed week planned, including talks on town and state government, Boys State elections and a visit by Governor Kenneth M. Curtis. Other highlights of a busy schedule include inauguration of a Boys State governor, and address by Associate Justice Randolph Weatherbee of the Maine Supreme Judicial Court, and a final assembly when certificates are awarded and Boys Nation delegates and the outstanding "town" are announced. James L. Goule and Alexander LaFleur scholarships are awarded to two outstanding boys.

In addition Institute Fellowships provided by the Maine Town and City Managers Association to the New England Managers Institute at the University of Maine in Orono in August will be presented to six recipients.

The opening assembly will be Sunday, June 18, at 4 p.m. in Memorial Gymnasium. Town managers, selectmen, members of the legislature and other experts in local and state government will speak during the six-day session, guiding the boys in the actual processes of caucuses, elections, committee meetings and sessions of the legislature.

Parents and friends are invited to attend the inauguration ceremonies Wednesday evening and the graduation exercises Friday afternoon.
