The Job Corps for Women has several graduates from Maine
who have found excellent employment in the vocations for which
they have trained. On April 4, a young woman from Gorham was
graduated from the Cleveland Job Corps Center as a psychiatric aide.

The records of the WICS (Women In Community Service)
Office at 92 Oak Street in Portland, which is the screening agency
for the Women's Job Corps, show a list of girls from diverse
areas in varied fields: from North Eastwick, a veterinarian's
assistant working at a veterinary hospital in Mass.; from Peter
dale Point, a graduate of retail sales placed in Brookline, Mass.;
an electronics graduate from St. Portland; a data processor
originally from Madawaska working for Xerox in Rochester,
New York; a Portland trainee in clerical procedures, now working
for one of the largest insurance companies in Maine.

The opportunities are open to young women between the ages
of 16 and 21. The program is aimed at those girls who are out
of school and find it difficult, because of lack of education and
vocational training to find employment.

There are new centers in Jersey City, New Jersey and Drum,
Pennsylvania, which, with Polish Spring, offer a variety of
training programs for young women in the Northeast.

To apply to the Job Corps, write to WICS, 92 Oak Street,
Portland, or a visit to the local Maine Employment Security
Commission office could make possible a more meaningful and
productive life for many more young women in Maine.

DERBY MOTHERS' SERVICE CLUB NEWS

The Derby Mothers' Service Club held an all-day meeting in the home of Mrs. Alvin Cyr on April 4th. The business was in charge of Mrs. Marion Williams.

Avis Spear reported sending cards to: sick card to Sfc. Franklin Smart; sympathy cards to Mr. and Mrs. Howard McCaffrey, and the family of Pfc. Thomas Sullivan, Bangor; sick card to Mrs. Marian Cunningham. Members signed a card to Mrs. Jennie Southard.

The Staff dinner was reported on by Mrs. Mildred King. SFC. Neil McConnell has completed a 5-week course at Recruiting School in Indiana and is now on duty in Lewiston. Books were shipped from this meeting to these boys overseas: Arthur Brown, Allan Jose, Raymond McDonald and Ronald Dugas all in Vietnam; Larry Rideout and Ronald Curtis, mission at sea; Douglas Smart, Puerto Rico.

Mail was read from Grace Collins, Virginia, and Ronald Petri.

The next meeting will be held on April 18, the place to be announced.

DERBY MOTHERS' SERVICE CLUB ACTIVITIES

The Derby Mothers' Service Club has at present 43 boys in active service, 3 more are assigned to Vietnam and 4 are there now. To be on this club list at present, boys have to be from Derby at time of enlistment. (crossing to Gould's track) The boy's name is also brought up before the club at the time we know he is going, and his mother is eligible to then join. We like to have her help in the work and keep her son's address up to date with us. They do very well themselves with us and are proud to be on our list. We do not take Reservist's--only boys on active duty. Some boys' homes are now outside of Derby, but were Derby boys on enlistment and their schooling was there.

Boxes are mailed out from every meeting, which is held every two weeks. At one meeting it is books for all boys overseas, and they are receiving a local paper through the mail. Next meeting we pack miscellaneous articles or home cooked food and these go to the boys in Vietnam. All boxes have another local paper enclosed.

We have sent boxes of children's clothes often and SFC Donaldson has been our agent to deliver them at the My-Tho orphanage. Lt. Col. Allan Jose has been another agent to deliver boxes to other orphanages and writes every one is so appreciative and the thing that most took their eyes were the shoes. After reading material has been completed by him, he takes it to a hospital or the USO. Of the miscellaneous boxes sent, he says the assortment is excellent for there.

Work is in the process toward another fall fair and we have served a Staff dinner recently for the B. & A. Sympathy cards are sent to all families that have lost a son in Vietnam.

This club will be serving the supper at 7:00 p.m. at the Milo Town Hall for the Bowler's Banquet. Chairmen, Mrs. Marion Williams and Mrs. Mildred King. Dining room is in charge of Mrs. Edith Rideout and Mrs. Avis Spear. This is April 20th, Thursday evening, supper at 7:00 p.m.

The next meeting will be an evening one at the home of Mrs. Marion Williams, Tuesday, April 16, supper at 6 p.m.

Voltaire once said, "If God did not exist it would be necessary to invent him." Why do you seek God? Do you seek Him from necessity though He does 'not exist?' Or do you seek Him because there He is, in science, in history, and in the conscience of man.

Traditional Christianity, for one, seems anxious to prove the existence of God. It argues that a Supreme Being exists beyond the world. He is the Highest Being, out there somewhere beyond the world with which we are not familiar, a Being besides other beings, a Self, a Self-conscious Ego. He is the author of events and the cause of all happenings. He loves the world He created and loves it from outside.

Christianity is a religion by itself—outside of your life—but rather of your life. It

Christianity is not a religion by its self—outside of your life—but rather a part of your life. God is not a separate Being but a Being who is as close to you as you are to yourself.

JOHN P. MERRILL NAMED YOUTH CONSERVATIONIST

John P. Merrill, 18, of Dover-Foxcroft, Better Farmers 4-H Club member, was honored at the annual meeting of the National Resources Council of Maine at Augusta on April 1st, 1967. He was named Youth Conservationist in recognition of his efforts in Forest Management and other forestry work. In December, Merrill was also declared a national 4-H forestry winner at the 45th National Congress in Chicago, in the 4-H Achievement Program.

Since the age of nine, Merrill has worked with his grandfather in the woods. The high school senior has cut 12 cords of pulpwood, cruised 150 acres of timber and inventoried it so it could be harvested on a sustained yield basis. He has planted 1,000 white pines and released 900 trees per acre in his timber stand improvement work. Five hundred acres of the family's seven hundred acres of land are forested. Merrill has set about to carry out the proper management practices on this timber.

In 1961, he took up forestry on four acres of sugar maple trees. He has since constructed a crude sap house and a steel arch to hold the evaporator.

Merrill sold Christmas trees, worked with Maine Service Forester, Ronald Locke, to poison undesirable species, thinned 25 acres of woodland, pruned five acres and used a chain saw to thin an experimental hardwood plot.

The Youth Conservationist will be attending Paul Smith School of Forestry in New York this fall to pursue a career in Wildlife Management.
